Read Only Attribute

Listed below are the steps to remove the "Read-only" attribute after you've moved files from your CD-ROM or DVD to your computer.

In this example we will use a Microsoft Word Document:

- 1) Right click once on the Document
- 2) Left click once on properties

The screen below will appear

- 3) Uncheck the Read-only attribute
- 4) Select Apply
- 5) Select OK
